Re: Honolulu Police Commission – Confirmation of Max J. Sword

Dear Chair Apo and Members of the Honolulu City Council:

Please let this letter serve as a letter of support in the appointment of Max J. Sword to the Honolulu Police Commission.

I have known Max since he began working for Outrigger in 1988. At Outrigger, Max is the Vice President of Industry Affairs. Along with his other job duties, he does an excellent job representing Outrigger in the community. He organizes employee participation in many community affairs including, but not limited to, the Visitor Industry Charity Walk, the Waikiki Ho'olaulea and the Aloha Festivals Parade. He was instrumental in the planning and building of the Waipio Soccer complex, which has been a huge success with residents and visitors alike.

Max is a responsible, bright and hard working individual who is fair and honest. As you can see from the above, he is a community-minded person who enjoys working to make the City of Honolulu a better place to live, work and play. I whole heartedly support and believe that he would make an exemplary member of, and be an asset to, the Honolulu Police Commission.

Thank you for considering my support of Max Sword.

Sincerely,

WDPC/cc
